To Whom It May Concern:

I oppose the Draft Memorandum being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

This is a vitally important issue to many Americans all across the fifty contiguous states. Thanking you in advance for your consideration of this matter.

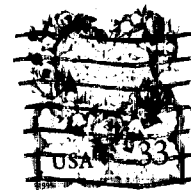

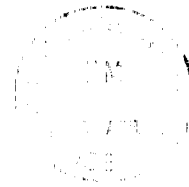

Sincerely,

Maryann Waite
